**ATT: BUILDERS...  
CALL FOR ENTRIES**

**Deadline July 10th, 2020**

The idea behind the tour is for visitors and homeowners to meet our premier builders to answer questions and start the conversations about their build project ideas. The virtual platform allows this to happen efficiently and continuously throughout the entire year (not just three days). The NEW interactive components will be a fun experience and allow people to stay engaged and entertained.

## VIRTUAL PARADE

The Lakes Region Virtual Parade of Homes will bring great marketing VALUE to builders who want to showcase their projects and in some cases more value for a builder who was unable to put the home on the tour the traditional way.

Plus, New Parade of Homes Website, featuring Builder Profiles, Photos, Virtual Tours and Interactive Floorplans.
