

WORKFORCE DEVELOPMENT

WAYS TO GET INVOLVED

The future of the skilled trades depends on industry leaders stepping up today. Whether you have time, expertise, or resources to share, your involvement helps prepare the next generation!

Attend Networking & Learning Events with Students:

Attend a Student Networking Event as an industry pro or volunteer at an All Day Tiny House Build.

Support the Tiny House Build:

Contribute materials, services, training, or sponsorships to Tiny Home projects.

Offer Internships / Job Shadows:

Host an Internship, apprenticeship, job shadow, or temp hire a student. There are many options, including single day, school breaks & summer options. Ask for more details.

Support Scholarships:

Help remove financial barriers and provide scholarship funds to students or join the Scholarship Committee.

Hire a Graduate:

Invest in local talent and strengthen your workforce by hiring trained, motivated program graduates.

*Together, we're building careers, community,
and the future of the trades.*
