# about THE PARADE OF HOMES

**GOAL OF THE TOUR:** Provide premier builders and trade professionals an opportunity to showcase spectacular homes with the latest technology, elegant finishes and craftsmanship that homeowners want to apply to their own projects.

**ATTENDANCE:** The popular tour attracts between 800-1200 attendees. The average parade-goer will visit 4-5 homes over the weekend with many viewing all of the homes on the tour. **NO OTHER OPEN HOUSE SCENARIO WILL GET THAT MUCH EXPOSURE FOR YOUR BUSINESS.**

**TARGETED AUDIENCE:** Visitors are qualified homeowners looking for products and services for their homes and renovation projects. They come ready to meet builders and professionals to discuss their ideas and check out the newest trends in building and design.

**SPONSORSHIPS:** Over 75% of visitors come from our multi-media marketing including print, radio & social media. Get maximum exposure for months leading up to, during and post event. The home tour remains live virtually through spring 2026!

**MAKING A DIFFERENCE IN OUR COMMUNITIES:** Ticket Sales from the tour goes directly into workforce development and inspiring the next generation of tradespeople. LRBRA helps area high school students build small homes and awards educational scholarships and tool box awards to help students get started with their careers.

Don't miss this opportunity to connect with the public and engage potential customers. Our expansive multi-media advertising campaign will assure the most value for your advertising dollar.

# reach your TARGET MARKET

## DEMOGRAPHICS

**FACEBOOK / INSTAGRAM:** Reaches between 50-80K people: 76% Women / 24% Men. People responded best to the builder videos and sneak peak photos! Parade banners continue to run all year!

**70% of visitors are between the ages 35-64!**

## DISTRIBUTION

Pre marketing material begins in March. Guide books will be distributed during the prestigious Parade of Homes tour as well as before and after the event. The parade guidebook will also be made available in a digital "for-mat" on the Parade of Homes website for years to come.

**Visitors come from hundreds of zip codes; including NH, MA, CT, NY & CA**

## FUN FACT

**Visitors to the Lakes Region Parade of Homes have reported keeping their official guide books for several years as a reference to find new builders & talk with trade professionals.**
